

Programme des sessions

21 octobre 2024 à 8 novembre 2024

HADRON PHYSICS 2030

Test of the standard model & Electroweak processes

Institut Pascal
Rue André Rivière 91400 Orsay

mar. 22 octobre

14:00

Test of the standard model & Electroweak processes**Session** | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

14:00 – 14:30

Atoms as electron accelerators for measuring the e^+e^- to hadrons cross section**Orateur**

Enrico Nardi

15:30

14:30 – 15:30

Discussion

16:00

Test of the standard model & Electroweak processes**Session** | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

16:00 – 17:00

Working session

17:00

mer. 23 octobre

14:00

Test of the standard model & Electroweak processes**Session** | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

14:00 – 14:30

Measurement of the asymmetry A_d between electrons and positrons Deep Inelastic Scattering on deuterium**Orateur**

Richard Trotta

14:30 – 15:00

Resonance PV asymmetry measurement with SoLID**Orateur**

Weizhi Xiong

15:00 – 15:30

Discussion

15:30

16:00

Test of the standard model & Electroweak processes**Session** | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

16:00 – 17:00

Working session

17:00

jeu. 24 octobre

14:00

Test of the standard model & Electroweak processes

Session | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

14:00 – 14:30

Low-mass dark sector searches with deuteron photodisintegration

Orateur

Cornelis Mommers

15:30

14:30 – 15:30

Discussion

16:00

Test of the standard model & Electroweak processes

Session | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

17:00

16:00 – 17:00

Working session

ven. 25 octobre

14:00

Test of the standard model & Electroweak processes**Session** | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

14:00 – 14:30

BSM physics at JLab: new opportunities with secondary beams and CEBAF positron upgrade**Orateur**

Mariangela Bondi

14:30 – 15:00

Electron beams for dark sector searches**Orateur**

Marco Spreafico

15:00 – 15:30

Discussion

15:30

jeu. 7 novembre

14:00

Test of the standard model & Electroweak processes

Session | **Site:** Institut Pascal, Rue André Rivière 91400 Orsay

14:00 – 14:30

Secondary beams at the Jefferson Laboratory

Orateur

Antonino Fulci

14:30 – 15:00

Positron beams for dark sector searches

Orateur

Mauro Raggi

15:00 – 15:30

Discussion

15:30
