## Photocathode theory

Session | Site: IJCLab, 100/-1-A900 - Auditorium Joliot Curie

09:00 - 09:20 **Ab initio many-body photoemission model**

**Orateur**

Richard Schier

09:20 - 09:40 **Photoemission simulation from nanostructured surfaces**

**Orateur**

Margarita Bulgacheva

09:40 - 10:00

**Collective and surface charge effect for high brightness e bunch production for FCC**

**Orateur**

Anahita OMOUMI

10:00 - 10:20 **Ab initio modelling of photoemission**

**Orateur**

Felix Mildner

10:20 - 10:50 **Coffee break**

10:50
