Journée des Nouveaux Entrants

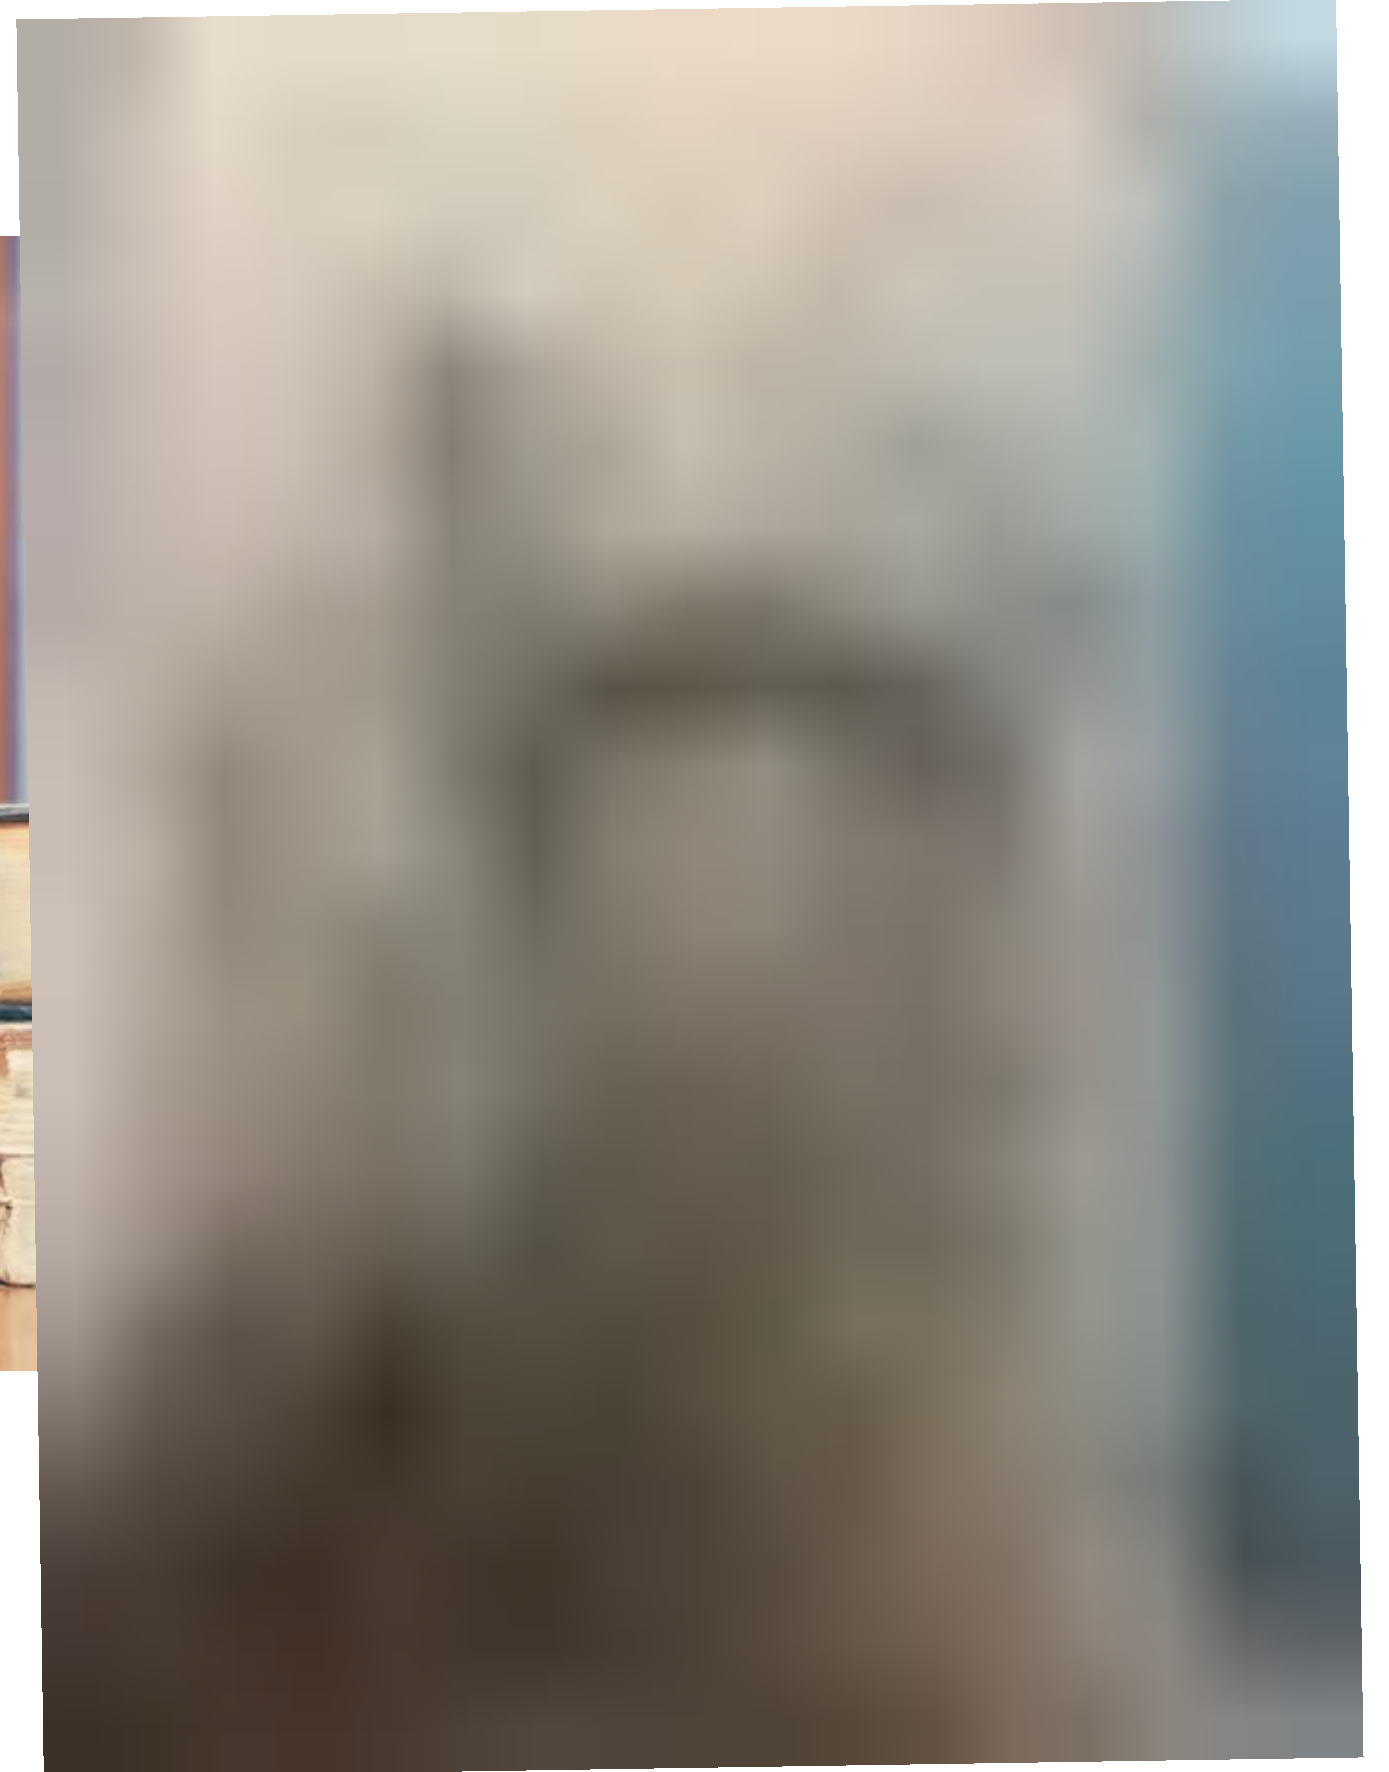

Anna Llauradó

Under the supervision of Olcyr Sumensari

Where I am from: Lleida

Hobbies

Where I studied

High Energy Physics MSc-
ETH Zurich (M1)
2023-2024

High Energy Physics MSc-
École Polytechnique (M2)
2024-2025

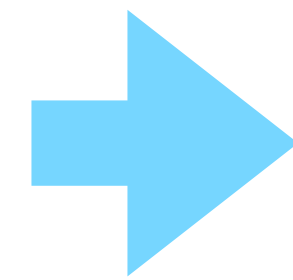

Bachelor's degree
in Physics-
Universitat de
Barcelona
2018-2023

My PhD: Flavor Physics Beyond the Standard Model

The SM fails to explain:

- Neutrino masses
- The flavor problem
- Dark matter
- ...

I work on the impact that physics beyond the Standard Model has on flavor observables, for instance, the $B \rightarrow K\nu\nu$ decay
