

Pregramme des sessions

16-18 sept. 2026

Fluctuations and RAndomness in Many-body Evolution (FRAME2026)

Quantum Chaos

Institut Pascal (IPa), Universite Paris-Saclay, Institut Pascal
530 Rue Andre Riviere, 91400 Orsay, France

mer. 16 septembre

14:00

Quantum Chaos

Session |

Site: Institut Pascal (IPa), Université Paris-Saclay, Institut Pascal, 530 Rue Andre Riviere, 91400 Orsay, France

14:00 – 14:30 **After equilibration**

Orateur

Jorge Kurchan

14:30 – 15:00 **Kubo, Lindblad, and transport**

Orateur

Robin Steinigeweg

15:00 – 15:30 **Spectral statistics from closed to open systems**

Orateur

Ruth Shir

15:30 – 16:00 **Coffee break**

16:00 – 16:30 **TBA**

Orateur

Xiangyu Cao

16:30 – 16:50 **Anomalous fluctuations in many-body systems**

Orateur

Z. Krajnik

16:50 – 17:10 **Out of time ordered transport**

Orateur

Ruchira Mishra

17:20 – 18:00

When is hydrodynamic noise really noise? Detailed balance and positivity in fluctuating hydrodynamics

Orateur

A. Amoretti

18:00
