

Pregramme des sessions

16-18 sept. 2026

Fluctuations and RAndomness in Many-body Evolution (FRAME2026)

Hydrodynamics and transport

Institut Pascal (IPa), Universite Paris-Saclay, Institut Pascal
530 Rue Andre Riviere, 91400 Orsay, France

jeu. 17 septembre

10:00

Hydrodynamics and transport

Session |

Site: Institut Pascal (IPa), Universite Paris-Saclay, Institut Pascal, 530 Rue Andre Riviere, 91400 Orsay, France

10:00 - 10:30 **TBA**

Orateur

Paola Ruggiero

10:30 - 11:00 **Can the Macroscopic Fluctuation Theory be Quantized?**

Orateur

Denis Bernard

11:00 - 11:20

Exact Description of Transport in Quantum Stochastic Resistors and Monitored Devices

Orateur

M. Filippone

11:20 - 11:50 **Coffee break**

11:50 - 12:20

Strange hydrodynamics in chaotic spin chains with quantum group symmetry

Orateur

Luca Delacretaz

12:20 - 12:50 **A quest for subsystem complexity**

Orateur

Giuseppe Di Giulio

12:50
