

Close to deployment @ Nançay

# PAON-4

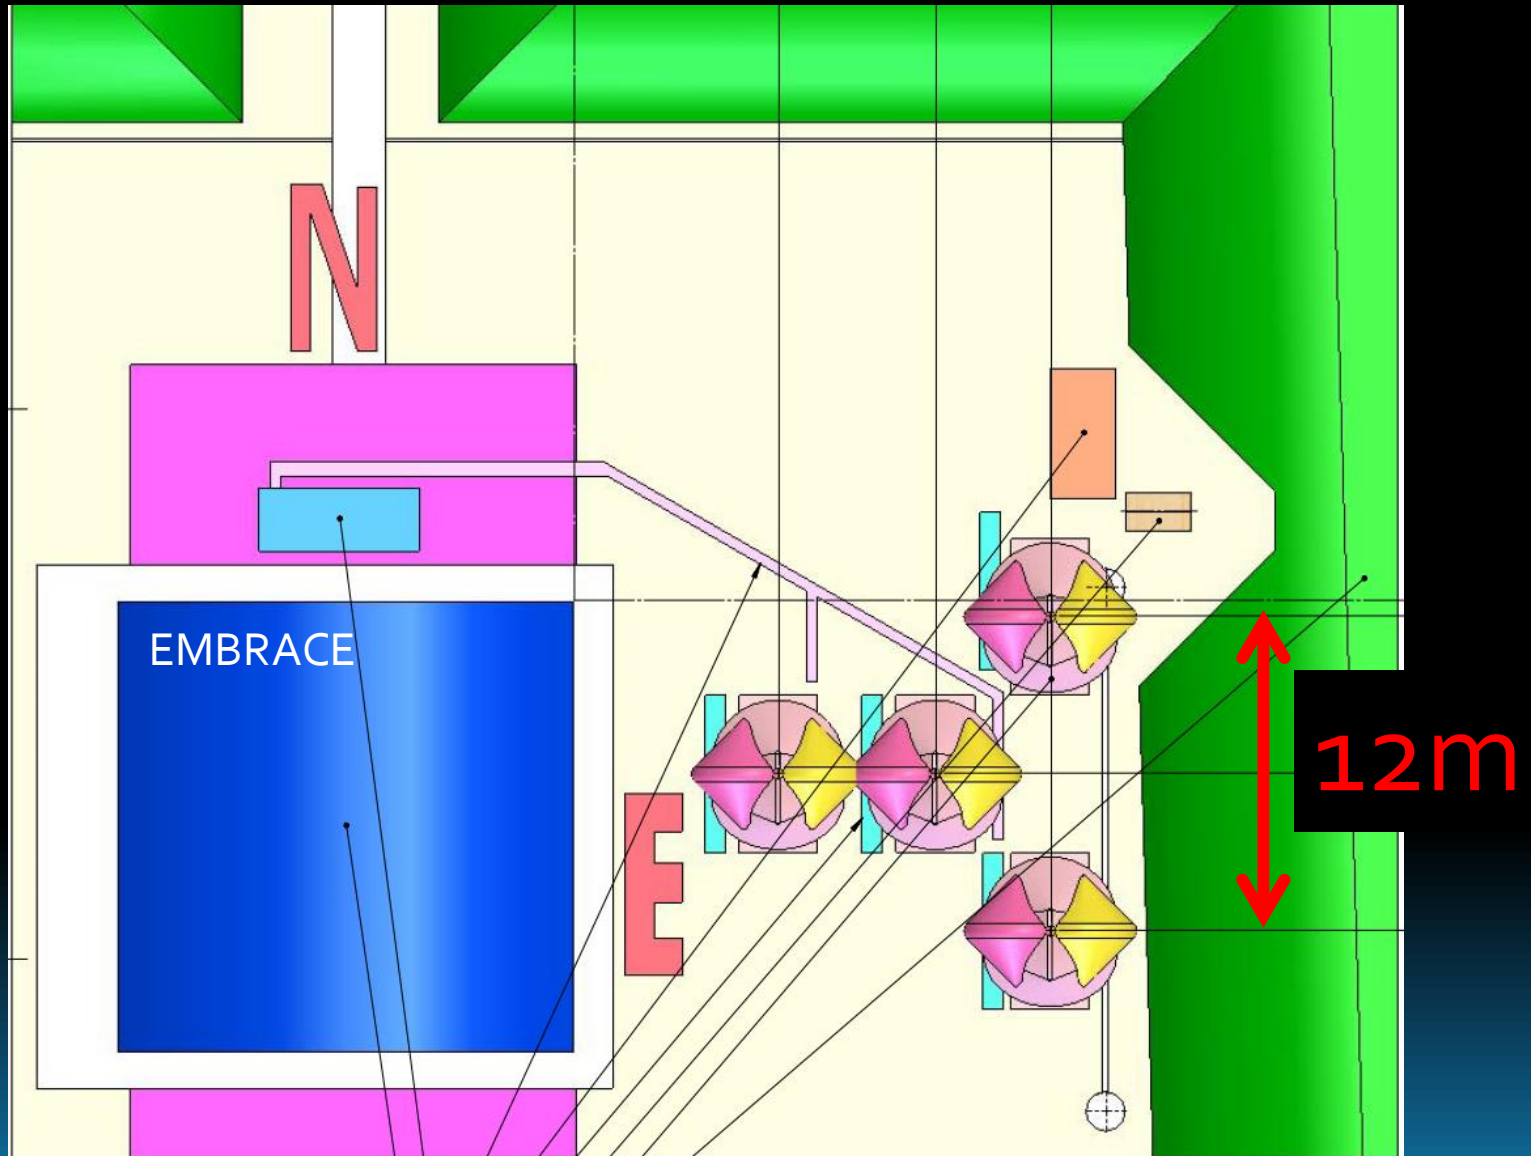

# First 5m dish @ Meudon

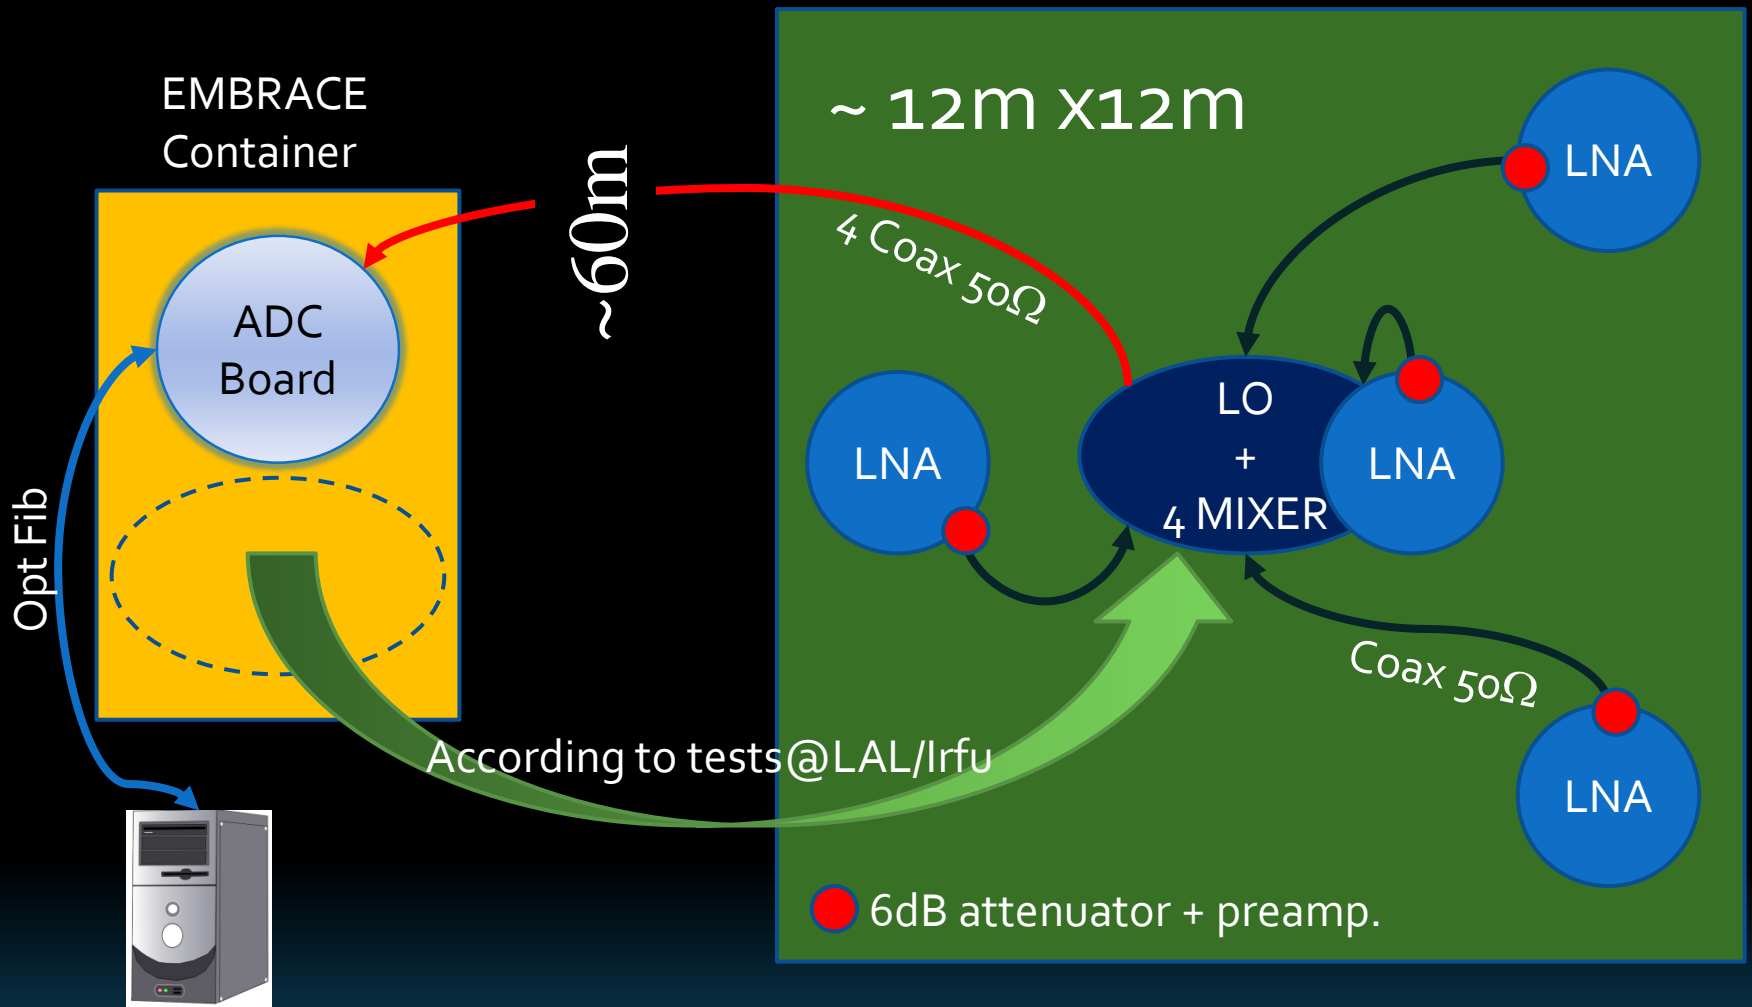

Designed by F. Rigaud (Obs. Paris/Meudon)

J.E Campagne - LAL - Orsay - 25 Sept. 2013

# Nançay

Transpose the ~1GHz to the [0,250]MHz band as soon as possible.

This is the best solution with the present electronics scheme.

New development for digitization at the level of each dish (Nébula project)

Obs. Paris Nançay, LAL, Irfu
