

*Séminaire du Laboratoire de l'Accélérateur Linéaire*

**Akira Yamamoto**

**KEK**

**Vendredi 21 Octobre 2016 à 11 :00**

**Advances in applied superconductivity leading frontiers of particle accelerators and physics experiments**

Superconducting magnet and radio-frequency (RF) technologies have been inevitable key technologies in frontiers of particle accelerators and elementary particle physics experiments. This seminar will provide an overview the technology advances and future prospects.

**Auditorium Pierre Lehmann du LAL - Bât. 200, Orsay**

Thé et café seront servis 5 mn avant le séminaire
