

Closing Address

As usual :

a bad news

and

a good news

The bad news first :

Our secretariat could not be here

and so...

I cannot offer flowers !

But many thanks to all of them !

NDM03 : Japan

Thanks to Hiro

NDM06 : France

Thanks to Serge

General wish to continue to circle the globe

and reach the deepness of our field (emphatic vision...)

So.....

The good news.....

NDM09 : USA

Thanks to Baha Balantekin

Madison, Wisconsin :

just on the neutrino beam line

between Fermi lab and Soudan mine

After a so *** Symposium**

we know all...

... what we want to know !

And so ...

We have to work :

Road Map for 2006-2009

**(With a remark : it is not a summary talk
but my personnal optimistic biased vision)**

Double Beta Decay Road Map for 2009

1- Running and results with NEMO3+Cuoricino+Gerda :

....to test the Degenerate Hierarchy

2- Next generation ready to start

**with SuperNEMO, CUORE,
MAJORANA-GERDA, EXO,
MOON, DCBA, SNO++**

**3- Nd150 nuclear matrix element will be very well calculated
by both QRPA and SM**

CMB Road map 2009 :

Planck gives the total neutrino mass of 0.3 eV

Dark Matter Road Map for 2009

**LHC will give the mass of the
Neutralino**

To be compared to new results of :

Edelweiss, CDMS, GLAST, KIMS, AMS-02, ArDM, WArP

Last wish

A great SN in Feb 2007

(Why not ?)

Thank you to all of you

And good luck !
