

French-Ukrainian Workshop - Instrumentation developments for High energy physics

jeudi 28 octobre 2021

HEP: HEP 1 - 200/0-Auditorium - Auditorium P. Lehmann (08:45 - 10:50)

-Présidents de session: abdenour Iounis

time	[id] title	presenter
08:45	[20] Physics at heavy ion colliders	ROBBE, Patrick
09:30	[14] Plume data for heavy ion physics	AUDURIER, Benjamin
09:50	[10] New Physics via rare decays	SCHUNE, Marie-Helene
10:10	[11] Search for exotics at LHCb	USACHOV, Andrii
10:30	[21] Using vacuum squeezed states to beat the Standard Quantum Limit in gravitational-wave detectors	ANDIA, Manuel
