

26ème Congrès Général de la SFP

mardi 4 juillet 2023

Mini-colloques: MC16 Fluides classiques et quantiques hors équilibre: 1 - Salle Henriette Faraggi (08:30 - 10:30)

time	[id] title	presenter
08:30	[199] Novel Non-equilibrium Phenomena in Quantum Fluids of Light	SZYMANSKA, Marzena
09:10	[330] Experimental measurements of the rapidities distribution of a one-dimensional Bose gas	DUBOIS, Léa
09:30	[460] Branche d'excitation de Higgs dans les gaz de fermions superfluides	CASTIN, Yvan
09:50	[316] Phase diagram of a 1d exciton-polaritons condensate.	VERCESI, Francesco
10:10	[198] A fast rotating superfluid on a curved surface	DUBESSY, Romain

vendredi 7 juillet 2023

Mini-colloques: MC16 Fluides classiques et quantiques hors équilibre: 2 - Salle Henriette Faraggi (08:30 - 10:30)

time	[id] title	presenter
08:30	[349] Kardar Parisi Zhang universal scaling in the coherent emission of polariton condensates	BLOCH, Jacqueline
09:10	[428] Toward the observation of Hawking Radiation in a polariton fluid	FALQUE, Kévin
09:30	[150] Making correlations between photonic orbital angular momenta by interaction of optical vortices with a vapor	M. ABOBAKER, Myrann
09:50	[239] Superfluid fraction in an interacting spatially modulated Bose-Einstein condensate	CHAUVEAU, Guillaume
10:10	[130] Collective dynamics in RF-dressed quantum gases	HAMMOND, Alfred
