

Joint LIA COLL-AGAIN, COPIGAL, and POLITA Workshop

jeudi 17 novembre 2022

Astrophysics (Experiment and Theory) (09:30 - 11:20)

time	[id] title	presenter
09:30	[136] Oxygen-15 α -capture measurements for neutron stars in binary systems through α -transfer on the SPIRAL-1 15O RIB	SANCHEZ-ROJO, J.
09:50	[137] Indirect techniques in nuclear astrophysics and the Trojan Horse method	TUMINO, A.
10:10	[138] Exploring neutron induced reactions of astrophysical interest via THM	LAMIA, L.
10:30	[139] A new method to measure femtosecond lifetimes. Application to ^{22}Na production in nova explosions	DE OLIVEIRA, F.
10:50	Coffee break
