

# Journée des Nouveaux Entrants du Pôle Théorie (JNE)

## jeudi 2 février 2023

### Présentation des nouveaux doctorants: IJCLab fresher (14:10 - 14:40)

-Présidents de session: Guillaume Hupin

time	[id] title	presenter
14:10	[38] On the superfluid fraction in the inner crust of neutron stars	ALMIRANTE, Giorgio
14:15	[42] Gluon Induced Quarkonium Production in TMD Factorization: Applications to the LHC and EIC	BOR, Jelle
14:20	[39] Reactions with Antiprotons in the cold nuclear collision theory	DEGHANI, Alireza DEGHANI, Alireza
14:25	[40] A search for a new type of radioactivity : the double alpha decay	HEITZ, Louis
14:30	[44] Ab initio description of reactions between light nuclei: towards breakup and decays	YAGHI, Osama
14:35	[47] Panagiotis Marinellis	MARINELLIS, Panagiotis MARINELLIS, Panagiotis
