Disk photoevaporation models: current status and open issues (09:30 - 12:45)

time	[id] title	presenter
09:30	[49] review by Uma Gorti ; Photoevaporative winds from turbulent disks: results and open issues	GORTI, Uma
10:05	[50] Andrew Sellek ; the role of the X-ray spectrum in the mass-loss rates	SELLEK, Andrew
10:25	[51] Coffee break: 10.25-11.00 am	
11:00	[52] Ryohei Nakatani ; Are photoevaporative winds molecular ?	NAKATANI, Riouhei
11:20	[53] Giovanni Picogna: Stellar mass dependency	PICOGNA, Giovanni
11:40	[54] 11.40-12.45: discussions
