

# Core2disk III

## vendredi 20 octobre 2023

**Planet formation in magnetised discs: Solar System constraints, open questions and future prospects (Chair: Kees Dullemond) (09:30 - 12:30)**

time	[id] title	presenter
09:30	[93] Clara Maurel - Paleomagnetism and parent bodies in the Solar System	
10:15	[94] Xuening Bai - Comparing non-ideal MHD disk simulations and paleomagnetic measurements	
11:00	[95] Coffee and discussions in the amphitheatre
