lundi 9 octobre 2023

Physics of MHD Disk winds and Dead Zone location (chair: Lesur) (09:00 - 13:00)

time	[id] title	presenter
09:00	[97] registration of new comers (distribution of access badges and lunch tickets)	
09:30	[98] Bai (basics of non-ideal MHD disk wnds and the dead-zone)	
10:05	[99] Zhu (basics of ideal-MHD winds in MRI-active turbulent discs)	
10:40	[100] coffee	
11:00	[101] Flock (Dead zone location and dynamics: new results)	
11:20	[102] Zhi-Yun Li (Gas and Dust Structuring in Magnetized Wind-Launching Disks)	
11:40	[103] Martel (MHD models of transition disks)	
12:00	[104] open discussion + poster presentations (if any)
