

20th International Workshop on Radiative Properties of Hot Dense Matter

Monday, November 18, 2024

OPACITY-II (2:00 PM - 3:30 PM)

-Conveners: Serena BASTIANI

time	[id] title	presenter
2:00 PM	[116] Time-resolved spectroscopy for Z stellar opacity research	LOISEL, Guillaume
2:30 PM	[131] Oxygen opacity experiments for stellar interiors at Z and NIF	MAYES, Daniel C
3:00 PM	[117] Progress on opacity measurements at stellar interior conditions using the National Ignition Facility	HEETER, Robert
