

20th International Workshop on Radiative Properties of Hot Dense Matter

Thursday, November 21, 2024

ASTRO (9:30 AM - 10:30 AM)

-Conveners: Chris FONTES

| time | [id] title | presenter |
|----------|--------------------------------------------------------------------------------|----------------|
| 9:30 AM | [151] Structure of high velocity radiative shocks from optically thin to thick | KOENIG, Michel |
| 10:00 AM | [152] Helioseismic inference of the solar radiative opacity | BULDGEN, Gaël |
